

**Qualifications:** MA (Hons) Edinburgh

**Summary of professional experience:** 2016 – Present Architectural Assistant, Ablett Architects

**Selected Project Experience:**

**220 Camberwell  
New Road,  
London**

2016 – Present

£410,000

Grade II listed

The repair and restoration of a four-storey semi-detached Georgian house. Reroofing in slate with lead valley gutters, rationalisation of external soil pipes, replacement of intrusive modern conservatory with a simple contemporary garden room with a zinc roof. Bespoke design of in-built furniture, including cupboards, shelving and banquette seating. Reinstating period mouldings and joinery, with appropriate ironmongery.

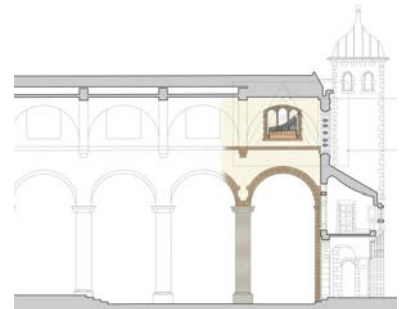

**Organ Chamade,  
Cathedral of St  
Thomas of  
Canterbury,  
Portsmouth**

2016 – Present

£75,000

Grade I listed

Trumpet chamades of polished tin to be built in the western-most bay of Portsmouth Cathedral nave, dating from 1990s when the cathedral was completed. Existing blind tracery to be modified to create wooden hatches, allowing access to the chamade for tuning purposes.

**Corpus Christi  
Farmhouse,  
Oxfordshire**

2016 – Present

Interior refurbishment and reorganisation of a 15<sup>th</sup> century farmhouse in Oxfordshire. Clear axis opened up between front and rear entrances by redesign of timber staircase, also creating a large void between ground and first floor. Refurbishment of kitchen and increased storage space.

**The Visitor &  
Business Centre,  
Methodist Central  
Hall, Westminster**

2016

£300,000

Grade II\* listed

Central Hall welcomes visitors from across the world to visit this iconic 1912 Edwardian building, which has housed events as diverse as the inaugural meeting of the United Nations, featuring in the film *Calendar Girls*, and hosting speeches by Winston Churchill, Gandhi and the Dalai Lama. The visitor centre was completely refurbished, including the business centre mezzanine.

**Apartments,  
Cathedral House,  
Portsmouth**

2016

Cathedral House was built in the 1950's on a Second World War bomb site. This project proposed a modest new two-bedroom flat for cathedral choral scholars, with a pitched mansard roof, built on the existing flat roof. Set back behind the existing parapet wall, it minimises visual impact from the street below whilst providing a compact outdoor terrace overlooking the cathedral. Access is provided by extending the existing internal staircase, and the project also reorders the existing flat below.
