

## St John the Evangelist, Notting Hill: various projects

**Client:** The PCC of St John's Notting Hill, London

The masterplan has been realised in a number of projects, including new equal access with new exterior doors and porch gates, the restoration of the Chancel with new steps and reredos decoration, creation of multi-use rooms for church and community use to the west end with toilets and a kitchen, the restoration of the organ with a new case (funded by the Heritage Lottery Fund) and the creation of a Lady chapel.

**Publications:** Choir and Organ magazine January/February 2014; The Victorian 'Church reordering, In search of good practice' July 2016; Church Building and Heritage Review September/October 2015 and also January/February 2016.
